

Official Publication of Real Estate Assessments For 2007 Notice to Taxpayer

Median Level of Assessment 33.33

Your property is to be assessed at the above median level of assessment. You may check the accuracy of your assessment by the following procedure: multiply your assessment by three. The resulting cash value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed. You may appeal your assessment to the Jo Daviess County Board of Review by March 28, 2008 by calling (815) 777-1016 for the proper form.

Donna M. Berlage
Chief County Assessment Officer
